Career objective

Aspiring Software Engineer with strong programming skills in Python, Java, and C, and a solid foundation in web development and database management. Passionate about building efficient, scalable applications and solving real-world problems through software development. Eager to contribute to innovative projects while continuously learning modern technologies.

Education

Anantha Lakshmi Institute of Technology & Sciences, Anantapur. Bachelors in Computer Science and Engineering (Data Science) • CGPA: 8.2/10.0	2022 – 2026
Sri Viveka Junior College, Kandukur. Intermediate (MPC) • Percentage: 95%	2020 – 2022
Siddardha high School, Kandukur Secondary School Certificate (SSC) • Percentage: 93.5%	2019 – 2020

Skills

Programming Languages: Python, Java, C

Web Technologies: HTML5, CSS3, JavaScript

Frameworks/Libraries: Django, React.js (Basics)

Database: MySQL

Tools: Git, GitHub, VS Code, PyCharm, Jupyter Notebook

Language known: English, Telugu, Hindi

Concepts: Data Structures & Algorithms (Basics), OOP, Problem Solving

Strong Problem-Solving And Analytical Skills

Good Communication And Teamwork Abilities

Projects

Title: Predictive Analytics for Student Performance in Online Courses Using Machine Learning.

- Built and trained a machine learning model using **Python** and **Scikit-learn** to predict student outcomes
- Analyzed datasets including attendance, marks, and user activity to improve prediction accuracy
- Implemented **Random Forest** and **Decision Tree** algorithms for classification tasks
- Developed a basic **web interface using HTML, CSS, and JavaScript** to display results
- Improved usability by presenting insights in a structured and user-friendly format
- Designed a responsive UI for mobile and desktop users

Title: College Attendance Management System

- Designed and developed a **Python-based system** to track and manage student attendance
- Implemented features for **data entry, updating, and retrieval operations**
- Built a simple **frontend interface using HTML and CSS**
- Improved efficiency by reducing manual record-keeping efforts
- Ensured structured data storage and easy accessibility

Internships:

- Python Full Stack Development by Palle Technologies.
- Python Programming By Skilldrize.
